

EarMaster 7

Quickstart guide

INSTALLATION

1. Open your favorite web browser on your computer and go to www.earmaster.com/em7install
2. Download EarMaster 7 for your operative system (Windows or macOS). Notice: the download may take some time if you have a slow internet connection.
3. Once the file has been downloaded completely, double-click on it in order to start the installation.
4. When the software has been installed, you can move the downloaded installation file to the trash and start the actual software from the list of Applications (Windows) or the App Launcher (Mac).

If your version includes a USB Flash drive, please follow this procedure instead:

1. Insert the USB Flash drive into a USB port on your computer.
2. Browse the content of the drive and open the folder corresponding to your operating system (i.e. Windows or macOS).
3. Double-click on the .exe or .pkg file to start the installation and follow the on-screen instructions.
5. Once the software has been installed, you can eject the USB Flash Drive and start the software from

the list of Applications (Windows) or the App Launcher (Mac).

MULTIPLE PROFILES ON THE SAME COMPUTER

EarMaster can track the progression and results of an unlimited number of users on the same computer. To use that feature, each user must have his own user profile on the computer. Starting EarMaster from a new Windows or macOS user will automatically create a new EarMaster profile. Each time that user starts EarMaster, his progression, settings and results will be loaded automatically.

GETTING STARTED

The home screen of EarMaster is the starting point of your training sessions. It displays all the training modes at your disposal to structure your work. The available training modes depend on the license you acquired.

Training modes can be of different types:

Courses: Sets of progressive lessons made by music teachers for EarMaster. Just follow the guide and become a better musician!

Workshops: A collection of activities that will enable you to develop specific areas of your musical skills. Each

workshop offers a set of progressive lessons. To change the current lesson, click on the title of the current lesson at the bottom of the screen.

Customized Exercise: This training mode enables you to configure your own exercises. You can select the options of your choice to generate custom exercises that match your own needs.

PREFERENCES

You can configure the general options of EarMaster by clicking on the icon shaped like gears in the home screen. General options are applied throughout the whole program: vocal range, instrument sounds, notation style, sound devices, etc.

EXERCISE OPTIONS

While Preferences are options that apply throughout the whole program, Exercise Options are only applied to the current exercise type. The Exercise Options can be accessed when working with an exercise, by clicking on the menu icon (3 horizontal lines) at the upper right corner of the screen.

RESULTS

You can access your results and statistics from the home screen of EarMaster by clicking on the icon shaped like a graph, located at the bottom left. EarMaster stats are very comprehensive and can be filtered in various ways to show you the exact data that you need.

CONTEXTUAL HELP

If you are in doubt of anything while using EarMaster, look out for the icon shaped like a question mark. It will enable hotspots that will give you information about the elements of the current screen when you hover on them.

EARMASTER CLOUD

The Cloud-shaped icon at the top left of the welcome screen is for EarMaster Cloud users. EarMaster Cloud is a subscription service which enable to synchronize EarMaster data with the Cloud (assignments, results, settings, etc.). For more info about EarMaster Cloud, please visit

www.earmaster.com/cloud

ONE LAST WORD...

EarMaster was developed by a team of passionate musicians in Denmark, and it has become a life goal for all of us to make the best possible tool for music education. We sincerely hope that you will like EarMaster and that it will help you become an even better musician! If you would like to share feedback and ideas with us or simply say hi, don't hesitate to drop us a line – we're all ears: **info@earmaster.com**.

Cheers from the EarMaster Team!
